

INNOVATION THROUGH EVERY TRANSACTION

We understand that every business is different. Electronic Payments partners with a wide variety of businesses, each with unique operational and payment requirements. No matter your industry type or size, we provide affordable, customized payment processing solutions to grow and empower your business.

Next day funding for all major card brands

Low transaction rates

Free gift card processing

Online reporting with real-time access to batch details, transaction data and statements

PCI Compliance Program with annual SAQ, breach coverage and IP scanning options

Since 2000, Electronic Payments has remained on the forefront of the payment technologies landscape, continuously evolving our offerings to meet the expanding needs of our business partners. Providing all of the payment services you'll ever need under one roof - unrivaled support, state-of-the-art equipment and affordable processing packages - we make credit card acceptance easy.

From EMV-ready solutions to advanced point of sale systems, our products are customizable and may be tailored exclusively to each of our business partners. By extending the latest solutions and programs, we ensure businesses like yours can seamlessly adopt emerging payment methods without exceeding your budget.

Servicing businesses nationwide, we have received substantial recognition for growth and leadership in the payments industry. Electronic Payments is the first payment processing company to be featured on the Inc. 500/5000 list of fastest-growing privately held companies in the United States for five consecutive years and on the Deloitte & Touche LLP's Technology Fast 500 for three years consecutively.
